We are **Czech**
manufacturer &
supplier of
physiotherapy
equipment.

About us

Let us tell you something about Fysiomed.

Founded in 1992, we were among the first Czech companies which develop and produce physiotherapy equipment. Having gained lots of experience, we became experts in rehabilitation centers' complex planning – always focused on the individual needs of the customer.

For the last 10 years, we have been developing a partnership in many countries as well as exporting directly various products from our portfolio **worldwide**.

Our products

We'll help you to understand our products better

We offer the widest and the most comprehensive range of products with more than **1400 items**. When including any product in our portfolio, quality and reliability are the key factors. Therefore we offer mainly our production complemented by the products of our long-term partners – with production within EU.

Our comprehensive services cover everything – installation, staff training, customer service and expert advice in case of renewal or an extension of existing equipment.

HYDROTHERAPY

... also called balneology or water therapy, is part of medicine , that involves the use of water for pain relief and treatment. Includes full body bath-tubs, limbs whirlpools etc. More over, we can build complete **rehabilitation pool** with any technical requests.

PHYSIOTHERAPY

... commonly contains different devices for various application. We use it for section with standard electronic devices for electrotherapy, ultrasound therapy, shock-wave and much more.

DIAGNOSTIC

... originally small part including basic manual, later digital measurement devices. Nowadays most innovative field with complex rehabilitation diagnostics, often including PC analysis via provided specialized software.

MECHANOTHERAPY

... contains specific training machines, visually similar to fitness machines, but with many specific improvements to make sure they are suitable for patients with different limitations due to their injuries or diseases.

TABLES AND BEDS

... used specifically in rehabilitation centers. Includes verticalisation tables, treatment and massage tables, gynecological couches and many others.

EXERCISING

... including different kinds of exercise equipment, for example gym furniture, balance training equipment, balls and rolls, ergotherapy (occupational therapy) tables and much more.

Our approach

Steps we make to make sure everything in your project is covered.

01 Consulting

Our first step is to understand your vision, give you feedback and suggestions based on our experience and help you with an concept.

02 Projecting

We will guide you from the very start – means even helping you with technical drawings of indoors for specialized rooms (hydrotherapy).

03 Supplying

We make sure, that everything our client orders will be on its place when delivered. We are extra careful when we prepare our goods.

04 Hiring stuff

Professional devices and equipment needs professional operators. We make sure, that stuff hired for you are experienced and reliable

05 Training

Need of complete understanding of devices and equipment is a core thing. We arrange both operating and servicing trainings.

06 Life-time support

Having any troubles? Just e-mail us or give us a call. Spare parts, technical support, all provided right away. After-sale support is an key-factor!

Our portfolio

We pick few of our clients

المركز التشيكي للعلاج الطبيعي والتأهيلي
معاً لحياة أفضل

Beside dozens of clients in Czech Republic and Slovakia, we are expanding in the Middle-East, Africa and Vietnam with several realized and a lot of ongoing projects.

An aerial architectural rendering of the Saudi Al Maa Al Har Spa Center. The building is a modern, multi-story structure with a white facade and large windows. It features several terraces with greenery and people walking on them. In the background, there is a large, circular structure labeled "Hot Spring Canopy" surrounded by trees. The entire scene is set in a desert landscape with mountains in the distance. A large green circle is overlaid on the right side of the image, containing the text "CASE STUDY SAUDI AL MAA AL HAR SPA CENTER".
